SAFETY DATA SHEET:

LEVODOPA (L-DOPA)

The information is provided as a service to our customers and is intended only for their use. This information is based on technical information believed to be reliable and will be revised as new knowledge or experience is gained.

Date of issue: August 26, 2003
Revision date: January 21, 2019
Version 10
Page 1 of 4

1. Chemical Product and Company Identification

1.1. Identification of the substance: Levodopa

REACH regulation No.: N/A

1.2. Use of the substance: Drugs

1.3. Detail of the supplier of the safety data sheet

Manufacturer's Name: Ajinomoto Co., Inc.
Contact in member state: See Contact for Correspondence Europe in 1.4

1.4 Contact for Correspondence Japan:
Ajinomoto Co., Ltd.
15-1, Kyobashi 1-chome, Chuo-ku, Tokyo
104-8315, Japan
Tel N°: +81-(0)3-5250-8111
Fax N°: +81-(0)3-5250-0079

Contact for Correspondence Brazil:
Ajinomo do Brasil Indústria e Comércio de Alimentos Ltda.
Rua Vergueiro, 1737, Vila Mariana,
04101-001 – São Paulo – SP, Brazil
Tel N°: +55 11 5080-6700
Fax N°: +55 11 5080-6789

Contact for Correspondence China:
Ajinomoto (China) Co., Ltd.
718 Rongle Dong Road, Songjiang,
Shanghai 201613 P.R. China
Tel N°:+86 21 5774-5353

1.5. Emergency Telephone:
In continental U.S., Hawaii, Puerto Rico, Canada, Alaska and Virgin Islands contact CHEMTREC at 1-800-424-9300.

For Japan, Brazil, Europe, China and Asia refer to section 1.4

2. Hazards Identification

2.1 Classification of the substance

Physical hazards: Not applicable
Health hazards: Acute toxicity, Oral (Category 4)
Environmental hazards: Not applicable

2.2 Label elements (REGULATION (EC) No.1272/2008)

Pictogram:

Signal Word: Warning
Hazard Statement: H302 Harmful if swallowed.
Precautionary Statement: P264 Wash hands thoroughly after handling.
P270 Do not eat, drink or smoke when using this product.
P301+P312 IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
P330 Rinse mouth.

2.3 Other hazards:

May cause eye and skin irritation.

Will increase the biological oxygen demand (BOD) of water.
3. Composition, Information on Ingredients

3.1 Substance
Common Chemical name: Levodopa
Synonyms: (S)-(3,4-Dihydroxyphenyl) alanine
Formula: C9H11NO4
Molecular Weight: 197.19
Composition: 99.0 – 100.5%
CAS No.: 59-92-7
EINECS No.: 200-445-2

3.2 Mixture
Not applicable

4. First-Aid Measures

4.1 Description of first aid measures
Inhalation: Immediately relocate to a fresh air environment. Rinse mouth with water. If not breathing, give artificial respiration. If breathing becomes difficult, give oxygen and seek medical attention.
Skin Contact: Wash with soap and copious amounts of water. If irritation persists, seek medical attention.
Eye Contact: Immediately flush eyes with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating eyelids with fingers. If contact lenses are being worn, remove lenses and continue rinsing. Seek medical attention.
Ingestion: Rinse mouth with water and seek medical attention.

4.2 Most important symptoms and effects, both acute and delayed

4.3 Indication of any immediate medical attention and special treatment needed
No information available

5. Fire-fighting measures

5.1 Extinguishing media
Water spray, carbon dioxide, dry chemical powder/foam

5.2 Special hazards arising from the substance or mixture
Fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. Upon combustion will result in carbon monoxide, carbon dioxide and nitrogen oxide being released.

5.3 Advice for fire-fighting
No information available

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures
Use personal protection. Make spills wet to prevent the generation of dust and then, sweep up into a closed container.

6.2 Environmental precautions
Do not discharge into sewer, river, underground water, etc.

6.3 Methods and material for containment and cleaning up
After recovering, wash away spilled area with plenty of water.

6.4 Reference to other sections
Personal protection: see section 8

7. Handling and storage

7.1. Precautions for safe handling
Follow good industrial practice in housekeeping and personal hygiene. Wear personal protective equipment as outlined in section 8.

7.2. Conditions for safe storage, including any incompatibilities
Store in closed containers in a dry area. Avoid humidity, sunlight and high temperature.
8. Exposure controls/personal protection
8.1 Control parameters
Contains no substance with occupational exposure limit value

8.2 Exposure controls
Respiratory protection: Dust mask or appropriate respirator. Utilize local exhaust ventilation.
Protective gloves: Rubber
Eye protection: Chemical safety goggles.
Other protective equipment: Wear appropriate laboratory apparel, protect exposed skin.
Occupational exposure limits: Not established

9. Physical and chemical properties
9.1 Information on basic physical and chemical properties
Appearance: White to slightly off-white crystals or crystalline powder
Melting point: 276-278°C (decomposes)
Solubility: 0.39 g/100g H₂O (20°C)
pH: 4.5 to 7.0 (0.10g in 10ml of H₂O)

9.2 Other data
No data available

10. Stability and reactivity
10.1 Reactivity
The following applies in general to flammable organic substances and mixtures; in correspondingly fine
distribution, when whirled up a dust explosion potential may generally be assumed.

10.2 Chemical stability
Stable under normal temperature and pressures

10.3 Possibility of hazardous reactions
Nitrogen oxides (combustion)

10.4 Conditions to avoid
Humidity and high temperature. In presence of moisture, will oxidize and darken.

10.5 Incompatibility materials
Strong oxidizing agents

10.6 Hazardous decomposition products:
Nitrogen oxides (combustion)

11. Toxicological information
11.1 Information on toxicological effects
Acute oral toxicity: LD₅₀ 1750 mg/kg rat
Sensitization: No data available
Mutagenicity: No data available
Primary skin irritation: May cause skin irritation. No specific data available
Primary eye irritation: May cause eye irritation. No specific data available

12. Ecological information
12.1 Toxicity
To fish, algae, and daphnia: EC₅₀ (48 hr)> 100 mg/l (Daphinia magna, EC 92/69/C2 EEC)

12.2 Persistence and degradability
BOD No data available

12.3 Bio accumulative potential
No data available

12.4 Mobility in soil
No data available

12.5 Results of PBT and vPvB assessment
PBT and vPvB assessment not available as chemical safety assessment not required/not conducted.

12.6 Other adverse effects
WGK class (Europe): 1 (self-classification according to VwVwS / 17 May 1999, Germany)

13. Disposal considerations
Dispose of the material as you would with a non-hazardous material in accordance with all applicable national,
state and local regulations.
14. Transport information
Avoid humidity and high temperature. Prevent damage of the container.
14.1-14.6 Not classified as dangerous in meaning of transport regulations.
14.7 Transport in Bulk according to Annex II of MARPOL 73/78 and the IBC code.

15. Regulatory information
15.1 Safety, health, and environmental regulations/legislation specific for the substance or mixture

Other National Legislation
None especially.
The information given in this Safety Data Sheet does not replace the users own assessment of workplace risk as required by national, state and local health and safety legislation.

15.2 Chemical safety assessment
For this product a chemical safety assessment was not carried out.

16. Other information
The information contained in this SDS is, to the best of our knowledge true and accurate. Any recommendations or suggestions made are without guarantee, since the conditions of use are beyond our control.
